

Privacy statement BKC Moving Media Makers BV

Dear visitor,

This is the privacy statement of BKC Moving Media Makers BV (BKC). BKC Moving Media Makers BV is a full-service multimedia agency registered with the Chamber of Commerce with number 16045991. Our address is Sint Annastraat 4, 6524GA Nijmegen.

In this statement we explain which personal data we collect and for what purpose we do this. We also inform you about our security measures and your rights as a data subject.

Visitors to this website

When you visit this website, BKC only collects data from you by means of Google Analytics, in order to gain insight into visiting and clicking behaviour on the website. For this purpose, analytical cookies are placed by Google. These are small text files that are sent along with pages from these websites and stored on your computer, so that your behaviour can be tracked. The processing of your data by means of Google Analytics is based on our legitimate interest in obtaining statistics from our website visitors. We have set the retention period of your data to 26 months, after which the data can no longer be read by us.

We have set up Google Analytics privacy-friendly. This means, among other things, that your IP address is pseudonymised and that Google is not allowed to pass on your data to third parties. In addition, we have concluded a processing agreement with Google. Due to the privacy-friendly setting of Google Analytics, we are not obliged to place a cookie statement on our website.

For more information, read the [privacy policy](#) from Google Analytics. Click [here](#) for more information about Google's opt-out arrangement.

Our customers

BKC only has business customers. If you are a customer of ours or want to become a customer, we process personal data of your contact persons for entering into and executing the agreement and maintaining the resulting relationships. This means that we process the name of business contacts, their (business) telephone number and email address and other possible contact details. This information has been provided to us by you or your contact persons.

We use this data because it is necessary for the conclusion, maintenance or settlement of the agreement. We do not store this data for longer than is necessary for the execution of the agreement, unless we are legally obliged to keep the data for longer. This is the case, for example, with contact details in invoices, which we must keep for 7 years after the end of the financial year on the basis of our administrative obligations.

Applicants

When you apply for a job at BKC, we process your personal data for the application procedure. We process your name, contact details, CV and possibly your motivation letter. A screening can be part of the application procedure, in which we perform a reference check with your last two employers and request your diploma. No part of the screening is a social media check.

We process your data based on your consent when you share data with us yourself, based on our legitimate interest to assess your application and possibly enter into an employment contract.

We do not store your data for longer than is necessary for the above purposes. If you do not take up employment, we will store data for a maximum of 4 weeks after the application procedure has ended. If you give permission to keep your data for longer, for example because you want to be contacted again in the future, we will keep your data for a maximum of one year after the procedure has ended. If you want to give permission for this, please report this during the procedure.

BKC as processor

In addition to the above cases, where BKC itself is the controller of the processing of personal data, BKC also processes personal data on the basis of documented instructions from controllers, namely its customers. In these situations, BKC acts as processor and a processing agreement has been concluded with the customer.

Security measures

BKC respects your privacy and ensures that your information is treated confidentially. We take appropriate security measures to limit misuse of personal data and prevent unauthorized access. In this way we ensure that only the necessary persons have access to your data and that access to your data is protected. In addition, we conclude confidentiality statements with our employees. BKC is ISO27001 and NEN7510 certified.

Your rights as a data subject

If you are involved in the processing of personal data, you have a number of rights. In the event that BKC is the controller, you can invoke these rights against us. Firstly, after a written request, you have the option to view the personal data that we process and to change it or have it removed. You can also receive an explanation about the use of your personal data. You can also object to a specific use of your personal data.

In cases where BKC acts as a processor of your personal data on the basis of instructions from the controller, you can contact the controller if you want to exercise your rights as a data subject.

Complaints

If you have complaints about the way we process your personal data, you have the right to file a complaint with the Dutch Data Protection Authority. You can contact the Dutch Data Protection Authority by visiting [this link](#).

Contact details

If you have any questions about this privacy statement or if you want to exercise your rights as a data subject, you can call us on telephone number 0243717500 and ask for our Privacy Officer Sebastiaan van Pinxteren. You can also send an email to s.vanpinxteren@bkcmmedia.nl

Changes to this statement

BKC reserves the right to make changes to this Privacy Statement. Changes will be published on the website. Please therefore consult this statement regularly so that you are aware of any changes.
